

## Welcome to Surgery Worldwide

Surgery Worldwide is a group of companies providing a range of healthcare services both direct to patients and through our **Services to Patients**

There are many reasons why you may be considering surgery abroad; price, standards of care, technology and access to world leading specialists.

We're an independent facilitator dedicated to providing quality health care and freedom of choice at a fair price.

We partner with a number of hospitals and facilities worldwide to offer no-obligation, hassle-free advice to our clients.

Visit our [Treatments & Procedures](#) and [Destinations](#) sections for more information. **Services to Healthcare Providers**

Surgery Worldwide has extensive expertise in all aspects of international healthcare and has been part of many successful projects including:

- Hospital Management
- Consulting & Training
- Pharmacy & Supply Chain
- Patient Facilitation & Logistics

The Surgery Worldwide service is bespoke and as such our clients can pick and choose which services they require.

Visit the [The Company](#) section for further information.
